Let's pack up our hard hats and reflective vests because we have work to do! Every group, team, or job requires their own uniform. In this workshop, we'll learn how to suit up our official dress in the right way and understand the importance of the FFA emblem we wear, making sure we have the right uniform for the job.

### **Building from Our Blueprint**

**Julie Lenz & Jescey Thompson**

Do you have an end goal in mind for your FFA journey? Becoming a chapter officer, earning your State Degree, or joining a CDE team? In this workshop, we will learn how to develop the blueprint to make our FFA dreams a reality.

### **Quality Construction**

### **SAE Scaffolding**

Supervised Agricultural Experiences are vital to a strong FFA foundation! In this workshop, we'll dig into "SAE For All", build the scaffolding for our SAEs, and design our future agricultural blueprints!
