Annual In Service for Agricultural Education Teachers

Professional Development

Fall 2026

AGENDA

8:30am Registration

8:45am Host Welcome & Comments

9:00am Workshop: **DPI Updates with Missy**

Stay up to date with the latest Wisconsin Department of Public Instruction initiatives and resources impacting agricultural education. This workshop will provide Ag Ed teachers with timely updates, practical information, and opportunities to strengthen partnerships that support student learning and career readiness.

Topics will include NTO data, the new Career Cluster rollout, and opportunities to build partnerships and access resources through initiatives such as Farm to School (F2S) and Environmental Education (EE). Participants will leave with a clearer understanding of upcoming changes, available resources, and ways to connect these initiatives to their agricultural education programs.

10:00am Workshop: **AET with Jen**

Learn how to effectively use AET to navigate the new National FFA SAE award application process, including locating applications, transferring student SAE records, reviewing information, and preparing applications for submission. This session will highlight key AET tools and resources that can help advisors streamline the process and better support students in completing strong, accurate award applications.

10:30am Break

10:45am Workshop: **iCEV Tech Incentive Grant**

This session will help agricultural educators understand Wisconsin's CTE Incentive Grant opportunities and leverage industry certifications to support student career readiness. Participants will review current and upcoming grant funding, eligibility requirements, certification opportunities through iCEV and other eligible providers, and best practices for preparing students for certification success. Educators will also explore implementation considerations as well as gain strategies for communicating the value and impact of certifications and grant funding to school and community stakeholders.

11:45am Lunch/Sectional WAAE Meeting
*CTE Teacher Appreciation Lunch
provided by iCEV*

Learning that works
for Wisconsin

1:00pm Workshop: **KEEP: AgriSolar Innovations: Exploring the dual- use of land for agriculture & energy**

Discover KEEP's new AgriSolar lessons, designed to encourage students to think critically about sustainability and how the dual-use of land for agriculture and solar energy production can provide solutions for multiple real-world problems. Educators will participate in hands-on AgriSolar activities and leave knowing how to access and use these free, google-formatted, ready-to-implement lessons to engage their students.

KEEP's AgriSolar Lessons are designed for middle to high school learners and align with AFNR standards. Lessons also support cross curricular standards related to reading and writing using evidence for analysis, reflection and inquiry.

3:30pm Adjourn

*Times of presentations are subject to change
to accommodate guest presenters.*
