

Wisconsin FFA Foundation 2020 Sponsor Thank You Listing

Special Instructions for 2020

1. Students are asked to write and send thank you notes to all donors/sponsors who support their award area. No proof of this is required to be sent to the Foundation in 2020, although advisors may require proof before distributing checks (checks are being sent directly to advisors for distribution).
2. Any programs with an asterisk (*) before do not have cash awards associated with them, and therefore a thank you note is encouraged but not required.
3. If an award area is sponsored by the Wisconsin FFA Foundation Annual Fund, please send a thank you note to the Foundation and we will pass along to those donors.
4. If an award is part of the State Convention Partner Program, please send a thank you note to the Foundation and we will pass along to those donors.
5. We ask that thank you notes be sent in a timely manner, by August 31, 2020.
6. Remember to write neatly, use correct spelling / grammar, and make it personal! Be sure to customize your thank you and reference your winning program. Thank you for helping us steward these relationships!
