Wisconsin attendees spent time working with other agricultural educator associations in their region, learning about initiatives that have had success in other states, and collaborating to shape the direction of the national association for the upcoming year. They also participated in professional development focused on agriculture, sessions on building partnerships between agricultural educators, agribusiness leaders, and policy makers, and professional
recognition awards. Many of the Wisconsin educators represented received financial support to assist with travel expenses from WAAE and NAAE.

These educators are also members of WAAE, which is affiliate with the NAAE, the professional organization in the United States for agricultural educators. It provides its’ nearly 8,000 members with professional networking and development opportunities, professional liability coverage, and extensive awards and recognition programs. The mission of NAAE is “professionals providing agricultural education for the global community through visionary leadership, advocacy and service.” The NAAE headquarters are in Lexington, Ky.
