VACATION

2019 FIRE Conference Workshop Titles and Descriptions

Discovering New Sights

Ryan Erickson & Curtis Weltzien

Much like the discoveries you may make on a family vacation, students can also discover new opportunities they never knew existed in FFA. Just like picking a destination for a vacation, picking the right SAE for you can be just as difficult. In this workshop, students will learn the basics of SAE's and take the beginning steps in starting their own.

Packing for the Journey

Emily Sheehan & Michelle Stangler

Any family vacation requires an itinerary. So do our journeys through FFA! Join us as we lay the groundwork for our FFA career by learning the fundamentals of our organization and fill our suitcases with some FFA background knowledge we can't afford to leave behind.

Mapping the Path to Success

Grace Morrissey & Joe Schlies

What do you want to accomplish this year? Get ready to plan your road trip with all the essential pit stops to reach the final destination. In this workshop, we will map out our goals for the year and discover the steps to ensure you are on the right track, even if that means taking some detours on your FFA family vacation!

We're Not in Kansas Anymore!

Daniel Clark & Lydia Williams

There are so many roads to take during a vacation! Just like there are such different opportunities within the FFA. We will explore all of the directions to go, and how you can make your own Yellow (and Blue) Brick Road for your FFA journey.

Fishing for Success in the Right Official Dress

Jared Mack & Lindsey Anderson

And remember, pinkies up! By the end of this workshop you'll have an eye opening experience of how proper we are as FFA members in official dress and at banquets. We will even be fishing for success and determining what the right official dress is.

Road Trip to Leadership!

Collin Weltzien & Amelia Hayden

Looking to take a road trip? We have the just the one for you! Join us as we evaluate our personal leadership skills, brainstorm ideas to expand our influence, and finally, develop a plan to transform our leadership into serving others. With a few stops along the way, we'll be at Destination Leadership in no time!
